

KNOW THE RISKS: MEDICAL USE OF MARIJUANA

MARIJUANA USE EXPOSES THE BRAIN TO EARLY ONSET OF:

Loss in IQ Points

Mental Illness

Addiction

There has been a dramatic increase in marijuana related traffic fatalities in Hawaii since medicinal marijuana was legalized in 2000.

28 Marijuana related traffic fatalities between 1991 and 1999

150 Marijuana related traffic fatalities between 2000 and 2014

Edibles are health hazards for infants, young children and pets.

In Colorado, marijuana exposures increased 169% for children ages 0-5 after legalization.

LEARNING FROM OTHER STATES

More emergency department reports of marijuana related poisoning.

Colorado is the #1 state for rising rates of marijuana use by minors.

Colorado has more marijuana businesses than McDonald's and Starbucks combined.

Both CO and WA experience higher rates of traffic deaths while driving high.

Big marijuana is a \$22 billion profit industry like Big Tobacco.

WE SUGGEST:

- Cap THC levels to no more than 10%.
- Provide strong marijuana education for medical marijuana cardholders, youth, pregnant women and the public.
